HIGHLIGHTS

Adjust your Espresso

The settings in this Gaggia Espresso machine allow you to adjust the body and aroma of your coffee to suit your taste, while maintaining a perfect crema.

Automatic cleaning

Thanks to the automatic cleaning and automatic descaling, you are guaranteed a perfect and hygienic Espresso every day and prolong the lifetime of your Gaggia Espresso machine.

Classic milk frother

The classic milk frother on this Gaggia Espresso machine, traditionally called "Panarello", turns milk into gorgeous milk froth within seconds for a Cappuccino, a Latte Macchiato or more. It also delivers hot water for tea.

Descaling alarm

Your Gaggia machine will indicate when a descale cycle becomes necessary. Descaling will prolong the lifetime of your Espresso machine significantly and should only be completed with original Gaggia descaler.

Removable brewing group

The removable brewing group in your full-automatic Espresso machine allows for easy cleaning and maintenance and can even be replaced separately if necessary. This saves money and increases the machine hygiene for a flawless coffee taste.

Perfect pressure

The 15bar pressure of your Gaggia coffee machine will make sure you always get the authentic Espresso taste.
